

Precision Facility Services

Precision Facility Services deliver a range of services to Leading Quality Industry, Retail, Leisure and Public Sector Organisations throughout Ireland.

Precision Facility Services provide cleaning services to Belfast's Premier Concert and Conference venue. Precision Facility Services dedicated team of over 15 operatives, provide a fast and flexible response to the demands of this event driven facility as required by the Waterfront Hall. As a popular location with a huge number of visitors there is a necessary requirement for a very high standard of cleaning as is provided by Precision Facility Services.

Precision Facility Services pay close attention to detail in ensuring we have the right people, materials, equipment and use the right processes. We aim to have your customers and employees feel good about their clean environment and to have Precision employees feel proud about our service.

We believe quality is a never-ending journey for excellence. We have a team of experienced and dedicated Contract Managers and Area Supervisors and all of our operatives are trained to NVQ Level 2 (Cleaning of Building Interiors).

Our accreditation includes:

- ISO14001 Accreditation
- Investors in People Accreditation
- ISO9000-2000 Accreditation
- Accredited NVQ Assessment Centre
- OHSAS 18001 Health & Safety Certification

Precision Facility Services guarantee value and service delivery. Our web based Contract Management software provides the client with detail of cleaning schedules, cleaning records, Health and Safety risk assessments and methodologies. All contracts have an Onsite Supervisor, Contract Manager, detailed service schedules, pay incentive based on customer service quality, weekly audits, monthly customer care audits, time and attendance systems. All staff have Induction Plans and all activities undergo Health and Safety Risk Assessments.

Precision Facility Services also provide window cleaning and Reactive and Emergency Specialist cleaning.
